Surgical Procedures
CPT Codes and Descriptions

This list of codes applies to Anthem clinical guideline CG-Surg-52: Site of Care: Hospital-Based Ambulatory Surgical Procedures and Endoscopic Services.

The following codes for treatments and procedures applicable to this guideline are included below for informational purposes. Inclusion or exclusion of a procedure, diagnosis or device code(s) does not constitute or imply member coverage or provider reimbursement policy. Please refer to the member's contract benefits in effect at the time of service to determine coverage or non-coverage of these services as it applies to an individual member.
